Child Support Enforcement Collections Fund (0169)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

6. Are there federal matching requirements? If yes, please explain.

Family Support Administration federal fund (FF) reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around (57% FF and 43% State Match) or at the level as specified under federal law, such as Child Support IV-D (66% FF and 34% State Match) or Food Stamp Administration (50% FF and 50% State Match) if expenditures are allowable under the program. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate. In addition, some administrative expenditures may be used as Maintenance of Effort (MOE) to earn other federal grants.

7. Is this a federally mandated program? If yes, please explain.

Resources used to support federally mandated programs such as SNAP (Food Stamps) and MO HealthNet are federally mandated.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.105

Program Name: Income Maintenance Field Staff and Operations

Program is found in the following core budget(s): Income Maintenance Field Staff and Operations

1a. What strategic priority does this program address?

Move families to economic independence

1b. What does this program do?

The Family Support Division, Income Maintenance Field Staff Operations determine eligibility for assistance programs to help low-income and vulnerable Missourians, by ensuring accurate and timely eligibility determinations and reinvestigations are completed while documenting and monitoring benefit amounts, referring recipients to employment and training, and partnering with stakeholders and providers to enhance access to programs and services. This program provides funding for front-line and support staff to operate the Income Maintenance Programs. Field staff include Benefit Program Technicians, Benefit Program Specialists, supervisors, managers, and clerical.

Income Maintenance (IM) serves Missourians through customer service centers across the state. These service centers consist of locations where individuals can walk in for assistance, processing centers that focus on processing applications to determine eligibility for benefits, and call centers. Online services are also offered for individuals to check if they may be eligible, submit applications and upload verification documents, check the status of any pending applications for benefits, and report changes.

Missouri continues to implement a new eligibility and enrollment system for Income Maintenance Programs called the Missouri Eligibility Determination and Enrollment System (MEDES) along with the Enterprise Content Management (ECM) system.

MEDES allows for streamlined workflows and business processes. MEDES users have reported improved usability, accuracy and efficiency in the system. Project 1 of MEDES focused on MO HealthNet programs for families and was completed October 31, 2018.

The ECM system captures, manages, preserves, and delivers content and documents related to public assistance eligibility and enrollment processes. The ECM allows FSD workers to process applications and perform casework activities statewide, regardless of their physical location. It enables electronic file storage that will eventually eliminate the need to maintain paper files.

In the month of May 2021, FSD implemented a new tasking system. Current will track applications, change in circumstance and annual renewals completed by eligibility staff and will determine productivity and timeliness for each staff. This will also assist in determining accurate benefit levels in a timely manner. Key Performance Indicators or KPI's were developed and shared with all FSD-IM field staff. These indicators allow staff to more clearly understand the expectations of their daily activities, while empowering management to more readily understand the output of their staff, compare it across all areas of work, and hold all staff to a similar accountability.

In FY 2021 and FY 2022 federal stimulus appropriation and/or authority was granted to administer increased Supplemental Nutrition Assistance Program (SNAP) benefits.

There was a slight decrease in timeliness for SFY 2020 and SFY 2021 due to COVID-19 processing challenges. When the Public Health Emergency (PHE) ends FSD will resume the processing of annual renewals, and will no longer have the other flexibilities allowed during the COVID-19 PHE. This transition may result in a decrease in application timeliness in the next fiscal year.

There was a slight decrease in timeliness for SFY 2020 due to COVID-19 processing challenges.

*In SFY 2021, there was no data to report as COVID-19 Public Health Emergency guidelines suspended requirements for Annual Renewals.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both. COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

FSD worked with the Centers for Medicare and Medicaid Services while developing and improving functionality.

*During prior years, many system issues caused our Annual Review backlog to rise. With system enhancements and because of some waivers around COVID-19, a large number of staff were able to be dedicated to the backlog of Annual Reviews. The reporting numbers only account for the annual reviews when they are completed. Because of this, the timeliness for SFY 2019 and SFY 2020 are much lower than projected. However, with the Annual Reviews now current, we can expect to remain at a much higher standard moving forward.

NOTE: Starting in March of 2020 to current, annual renewals were not completed during this time period due to the COVID Public Health Emergency.

**Case reviews were not completed in SFY 2021 due to the COVID-19 Public Health Emergency.

The FSD Resource Centers and Call Centers are referring clients interested in employment and training to SkillUP providers. The formalized referral process will soon include referrals from Vocational Rehabilitation, the Child Support Call Center, and Responsible Fatherhood programs. This referral process will be offered to other agencies. This was a new measure in SFY 2020; therefore, there is no data to report prior to SFY 2020.

*In SFY 2021, there was a decrease due to the COVID-19 pandemic. This trend is not expected to continue.

2d. Provide a measure(s) of the program's efficiency.

FSD implemented the online application system for Food Stamps, Child Care, Temporary Assistance and MO HealthNet (Aged, Blind, Disabled) on a statewide level in April 2017. There is a positive correlation between the increase in the percentage of online applications and a decrease in walk-in applications.

*In FY 2021, there was an increase of online applications received due to the COVID-19 Public Health Emergency. In-person applications are expected to increase as offices reopen.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

SFY 2022 Planned expenditures are net of reverted.

4. What are the sources of the "Other " funds?

Health Initiatives Fund (0275)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: Sections 207.010, 207.020, and 208.400, RSMo.

6. Are there federal matching requirements? If yes, please explain.

IM Field Staff and Operations federal fund (FF) reimbursement is based on the Income Maintenance time study rate of around (57% FF and 43% State Match) or at the level as specified under a specific grant such as MO HealthNet Administration (75% FF and 25% State Match) or Food Stamp Administration (50% FF and 50% State Match) if expenditures are reimbursable under the particular grant. The time study rate is determined by polling a select number of Income Maintenance staff. In addition, some expenditures may be used as Maintenance of Effort (MOE) to earn other federal grants.

7. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet are considered federally mandated.

The Public Health Emergency (PHE) ends October 2021. DSS will be able to start closing out cases on January 1, 2022.

Funding is needed for FAMIS and MEDES to roll back the coding changes that were needed during Public Health emergency (PHE) to ensure Medicaid cases did not close. The call center contract will be expected to answer more calls due to changes in cases after PHE is rolled back. FSD will need assistance from contract staff to assist with Annual Renewals once PHE ends as the volume will be significant. Funding will be needed for notices that will be required to be mailed once PHE ends, these notices will notify participant of any change, closing notice or request for information associated with each case. Eligibility Verification Services will be used to assist in verifying eligibility and/or ineligibility as the PHE comes to an end.

HB 432 (2021) amended Section 208.018 to extend the sunshine date for an additional six years of the pilot program for Supplemental Nutrition Assistance Program (SNAP) participants to purchase fresh food at farmers' markets with a dollar-for-dollar match up to ten dollars per week until August 28, 2027.

Previously, DSS FSD partnered with a nonprofit organization, who had a grant from the United States Department of Agriculture (USDA), to implement this program. If there is not a nonprofit organization administering this program, DSS FSD will assume the administration of the program directly.

State Statute: Section 208.018, RSMo.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

FSD currently utilizes a third party vendor to administer SNAP benefits to participants on Electronic Benefit Transfer (EBT) cards. The current EBT vendor estimates the necessary programming changes will cost approximately \$150,000 to implement and approximately \$6,500 per month to maintain. Due to necessary programming changes required, the EBT vendor estimates implementation would take approximately 2-3 months. The funding for this pilot program is subject to appropriations. With approval of the FY 2022 supplemental request, DSS FSD will work with the third party vendor to begin implementation with benefits anticipated to begin approximately July 2022.

The pilot program will be administered in no more than one urban area and one rural area. FSD determined the number of households receiving SNAP in the most populated urban area and the least populated rural area to estimate the fiscal impact. In November 2020, there were 50,743 households receiving SNAP in St. Louis County, the greatest populated urban area in Missouri and 90 households receiving SNAP in Worth County, the smallest populated rural area. FSD assumes 15% of the 50,833 (50,743 + 90) SNAP households in these areas will participate in the program for a total of 7,625 SNAP households ($50,833 * .15 = 7,625$).

Based on the assumption that DSS FSD will administer a pilot to 7,625 households in St. Louis County and Worth County, each household will receive an additional \$10 in weekly benefits to use at farmers' markets. With benefits anticipated to be administered beginning July 2022, each household will receive up to an additional \$520 (52 weeks * \$10) each year. Therefore, the total additional benefits administered to SNAP participants to use at farmers' market could be up to \$3,965,000 ($7,625 * \520) in FY 2023.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Department of Social Services (DSS) Family Support Division (FSD) struggles to process postal mail and Resource Center drop-box documents timely to meet Federal processing guidelines and causes delays in issuance of benefits which results in poor customer service. Prior to the Public Health Emergency, DSS FSD received over 1.7 million documents annually through postal mail and Resource Center drop-boxes. It is unknown what the volume of documents will be when the Public Health Emergency is ended. DSS FSD seeks to gain efficiency and reliability in processing incoming and outgoing mail for Income Maintenance by centralizing these processes through a contracted mail processing vendor.

FSD mail and drop-box documents are currently received in all 114 counties across the state, as well as St. Louis City. However, mail is primarily received at multiple regional office “hubs” throughout the state. From these locations, documents are scanned into an electronic document system for processing statewide. The agency struggles to maintain consistent procedures and timely mail handling across the multiple hubs. The agency lacks the expertise necessary to fully centralize processes using existing internal staff and facilities. This request includes the opening, scanning, indexing, and tasking of mail. FSD currently contracts for temporary staff to assist state staff with opening, scanning, and indexing the incoming mail, at a cost of approximately \$3.8 million annually. Implementing contracted centralized mail, customer kiosk, and IM document artificial intelligence (AI) should decrease the need for temporary staff by 75% which will produce \$2,884,331 in annual savings in FY 2024. There is a FY 2023 NDI Cost to Continue request for Customer Kiosk and IM Document AI.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

Section 1101(b) of the American Rescue Plan Act (ARPA) of 2021 provides an additional \$1.15 billion of appropriated funds for SNAP administrative expenses to assist State agencies in carrying out legislative provisions and administering SNAP. Missouri's allocation for FFY 2022/2023 is \$6,249,049. DSS will use part of this allocation to fund the SNAP portion of this project. The SNAP portion is determined by the IM Random Moment Time Study (RMTS). The FFY 2022 funds are available at a 100 percent reimbursement rate through September 30, 2022. The FFY 2023 funds are available at a 100 percent reimbursement rate through September 30, 2023.

There was a slight decrease in timeliness for SFY 2020 and SFY 2021 due to COVID-19 processing challenges. When the public health emergency (PHE) ends FSD will resume the processing of annual renewals, and will no longer have the other flexibilities allowed during the COVID-19 PHE. This transition may result in a decrease in application timeliness in the next fiscal year.

There was a slight decrease in timeliness for SFY 2020 due to COVID-19 processing challenges.

*In SFY 2021, there was no data to report as COVID-19 Public Health Emergency guidelines suspended requirements for Annual Renewals.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both. COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

FSD worked with the Centers for Medicare and Medicaid Services while developing and improving functionality.

*During prior years, many system issues caused our Annual Review backlog to rise. With system enhancements and because of some waivers around COVID-19, a large number of staff were able to be dedicated to the backlog of Annual Reviews. The reporting numbers only account for the annual reviews when they are completed. Because of this, the timeliness for SFY 2019 and SFY 2020 are much lower than projected. However, with the Annual Reviews now current, we can expect to remain at a much higher standard moving forward.

There is a positive correlation between the increase in the percentage of online applications and a decrease in walk-in applications.

*In FY 2021, there was an increase of online applications received due to the COVID-19 Public Health Emergency. In-person applications are expected to increase as offices reopen.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Before COVID-19 prompted temporary offices closures, customers utilized drop boxes, both inside and outside, to submit verification documents or applications. Clerical and/or temporary staff worked the information dropped off by identifying the customer, creating a cover sheet and scanning and indexing the information into the ECM system. This manual handling was slow and prone to cause delays in processing the information. As offices have reopened, the agency has sought better ways to serve the customer using available technology.

The customer kiosks are needed to provide our customers with an easy to use mechanism to provide applications for assistance or information needed to process their application or case action. The kiosks will also document the clients visiting the office to drop information off.

Utilizing a combination of self-serve scanning kiosks and “intelligent” electronic document recognition will result in fewer contracted temporary employment clerical staff needed at each location to manually process the documents, faster and more accurate processing of the information for the customer, and fewer calls to the agency call center regarding processing delays or lost documents.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

Section 1101(b) of the American Rescue Plan Act (ARPA) of 2021 provides an additional \$1.15 billion of appropriated funds for SNAP administrative expenses to assist State agencies in carrying out legislative provisions and administering SNAP. Missouri's allocation for FFY 2022/2023 is \$6,249,049. DSS will use part of this allocation to fund the SNAP portion of this project. The SNAP portion is determined by the IM Random Moment Time Study (RMTS). The FFY 2022 funds are available at a 100 percent reimbursement rate through September 30, 2022. The FFY 2023 funds are available at a 100 percent reimbursement rate through September 30, 2023.

There is also a FY 2022 Supplemental request and a FY 2023 NDI Cost to Continue request for Centralized Mail and IM Document Artificial Intelligence (AI). FSD will be able to reduce temporary staff need by 75% in FY 2024 with the combined approval for funding of these initiatives. This reduction is noted in the FY 2023 NDI Cost to Continue request for Centralized Mail.

There was a slight decrease in timeliness for SFY 2020 and SFY 2021 due to COVID-19 processing challenges. When the public health emergency (PHE) ends FSD will resume the processing of annual renewals, and will no longer have the other flexibilities allowed during the COVID-19 PHE. This transition may result in a decrease in application timeliness in the next fiscal year.

There was a slight decrease in timeliness for SFY 2020 due to COVID-19 processing challenges.

*In SFY 2021, there was no data to report as COVID-19 Public Health Emergency guidelines suspended requirements for Annual Renewals.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both. COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

FSD worked with the Centers for Medicare and Medicaid Services while developing and improving functionality.

*During prior years, many system issues caused our Annual Review backlog to rise. With system enhancements and because of some waivers around COVID-19, a large number of staff were able to be dedicated to the backlog of Annual Reviews. The reporting numbers only account for the annual reviews when they are completed. Because of this, the timeliness for SFY 2019 and SFY 2020 are much lower than projected. However, with the Annual Reviews now current, we can expect to remain at a much higher standard moving forward.

NOTE: Starting in March of 2020 to current, annual renewals were not completed during this time period due to the COVID Public Health Emergency.

**Case reviews where not completed in SFY 2021 due to the COVID-19 Public Health Emergency.

6d. Provide a measure(s) of the program's efficiency.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

Section 1101(b) of the American Rescue Plan Act (ARPA) of 2021 provides an additional \$1.15 billion of appropriated funds for SNAP administrative expenses to assist State agencies in carrying out legislative provisions and administering SNAP. Missouri's allocation for FFY 2022/2023 is \$6,249,049. DSS will use this allocation to fund the SNAP portion of several projects. The SNAP portion is determined by the IM Random Moment Time Study (RMTS). The FFY 2022 funds are available at a 100 percent reimbursement rate through September 30, 2022. The FFY 2023 funds are available at a 100 percent reimbursement rate through September 30, 2023. There is also a FY2022 Supplemental request for this funding and three FY 2023 NDI requests for the Centralized Mail, Customer Kiosk and Income Maintenance (IM) document artificial intelligence (AI) projects, which if approved, will be funded partially by the available SNAP ARPA funds.

The Family Support Division (FSD) struggles to process postal mail and Resource Center drop-box documents timely to meet federal processing guidelines and causes delays in issuance of benefits which results in poor customer service. FSD seeks to gain efficiency and reliability in processing incoming and outgoing mail for IM by centralizing these processes through a contracted mail processing vendor. Customer kiosks are needed to provide our customers with an easy to use mechanism to provide applications for assistance or information needed to process their application or case action. The kiosks will also document the clients visiting the office to drop information off. Artificial Intelligence (AI) document indexing and software will improve timely and accurate processing of information submitted to the agency and the timeliness of notifications sent out from the agency. The current technology in use requires each document to be manually reviewed and identified prior to being placed into a processing queue. FSD receives and processes an average of 50,000 documents per week. It takes an average of two minutes to manually identify and label each document. Automating the identification process for these documents would equate to a savings of more than 1,500 work hours of effort each week allowing front line staff to be reassigned to more complex duties. FSD will be able to reduce temporary staff need by 75% with the combined approval for funding of these initiatives. This reduction is noted in the FY 2023 NDI Cost to Continue request for Centralized Mail.

1a. What strategic priority does this program address?

Develop High Performing Teams

1b. What does this program do?

The Department of Social Services, Family Support Division (FSD) Training and Development Unit is responsible for creating and implementing basic orientation and program training for Child Support and Income Maintenance Staff (including the in-house call center.)

The Training Unit:

- Teaches basic remote classroom training curriculum to new team members
- Provides ongoing training on various system, law, and policy changes that occur throughout the year
- Manages the online Employee Learning Center (the learning management systems for DSS)
- Conducts and tracks several training modules required by state and federal law

This training allows staff to better serve Missouri citizens.

2a. Provide an activity measure(s) for the program.

*SFY 2019 increase is an anomaly due to increased online training initiatives in response to policy changes and is not expected to continue.

**All new hire classroom training converted from in-person to remote training effective March 2020.

In SFY 2021, Child Support had an increase in special initiatives and hiring. Special Initiatives include any training outside of new hire training including Domestic Violence, OCSE-157 training and Hearings refresher training statewide.

Number of trainings are the total number of completed training registrations and does not equal total individuals trained, since an individual can complete more than one training.

FSD training Unit provides training to community stakeholders and partners as needed or by request. Due to the circumstances related to Adult Expansion Group (AEG), the portal that will track training given to external providers has been delayed. We expect to have training materials developed and available for tracking by July 2023.

Note: Training participants complete a final assessment at the end of each classroom training to measure competency.

2d. Provide a measure(s) of the program's efficiency.

This figure shows the average cost per completed training registration by averaging the cost of the training program by number of completed training registrations. The largest component of training cost is the salary of the trainers.

CS cost per training has historically been higher than IM cost per training because of the higher percentage of CS staff who complete classroom training, in comparison to IM staff. Costs have decreased significantly due to training remotely. The unit was able to invest in online software and other technology.

*SFY 2021 data reflects a decrease that occurred as a result of the COVID-19 pandemic. For CS cost per training an additional decrease is reflected due to a high percentage of CS staff transitioning to training remotely.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

SFY 2022 Planned expenditures are net of reverted.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A

6. Are there federal matching requirements? If yes, please explain.

Family Support Staff Training federal reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around (57% FF and 43% State Match) or at the level as specified under a specific grant such as Child Support (66% FF and 34% State) or SNAP (Food Stamp) Administration (50% FF and 50% State) for expenditures allowable under the grant. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

7. Is this a federally mandated program? If yes, please explain.

Training initiatives to support federally mandated programs such as Food Stamps, Temporary Assistance, Child Support, and MO HealthNet are considered federally mandated.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.115

Program Name: Electronic Benefits Transfer (EBT)

Program is found in the following core budget(s): Electronic Benefits Transfer (EBT)

1a. What strategic priority does this program address?

Move individuals to economic independence

1b. What does this program do?

The Department of Social Services, Family Support Division is administering the Electronic Benefits Transfer (EBT) program to help low income Missourians by providing for the delivery of cash assistance and SNAP benefits through an EBT card.

The Family Support Division currently contracts with FIS/eFunds Corporation to provide a statewide delivery system for Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance (TA) cash benefits. The EBT system allows recipients to use the same type of system used by other consumers completing transactions with debit and credit cards. This is a federal requirement for SNAP recipients. The Department of Social Services began contracting with FIS/eFunds Corporation in June 2011. The initial five-year contract ended in June 2016, however there was an option for an additional five one-year renewals. The final contract expiration date was to be June 2021, however, the contract is extended through December of 2021, as DSS has a new Request for Proposal (RFP) out for bid, which is expected to be finalized in the Winter of 2021. This system also provides reports that are used to identify potential retailer and recipient fraud.

<u>Monthly cost per case</u>	<u>Current</u>
SNAP only cases	\$0.61
Temporary Assistance only cases	\$0.57
Cases receiving both SNAP and Temporary Assistance	\$1.17

As required by SB 251 (2013), the Department of Social Services, Family Support Division blocks Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments which provide adult-oriented entertainment, using FIS/eFunds Corporations' Fraud Navigator. Fraud Navigator also analyzes SNAP and Temporary Assistance transactions for possible unallowable activity and provides alerts to the Division of Legal Services, Welfare Investigations Unit.

Missouri implemented additional fraud prevention methods. Missouri has added a level of security to EBT cards to protect consumers from the cloning of EBT benefit cards with the activation of Card Authentication Value (CAV). Customers are discouraged from using common pin numbers, such as 1111, 1234, 4444 for EBT transactions. Additionally, the Agriculture Improvement Act of 2018 states that Missouri must expunge SNAP Benefits from EBT online accounts that have not been accessed in 9 months or upon verification that all members of the household are deceased. The implementation of these requirements are in development and will be in place by October 2021.

As a response to the COVID-19 pandemic, Missouri received approval from Food and Nutrition Service (FNS) to allow online purchasing with EBT cards. Currently Missouri has several large and small retailers such as Amazon, Walmart, Hays Supermarket and Sliced Bread Market approved to accept online EBT purchases and other retailers will be added upon Food and Nutrition Service (FNS) approval.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted to administer Pandemic EBT (P-EBT).

2b. Provide a measure(s) of the program's quality.

As required by SB 251 (2013), the Department of Social Services, Family Support Division blocks Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments, which provide adult-oriented entertainment, using FIS/eFunds Corporation's Fraud Navigator. The initial push to block inappropriate locations has leveled off and projections were made based on the new transactions and dollars that are expected to be blocked over the next three years.

NOTE: The number of transactions blocked is determined by how many participants attempt to use their card at blocked locations. Participants may not be aware the location is blocked and often make multiple attempts at locations. The FSD receives additions to the list of blocked locations on a quarterly basis.

2c. Provide a measure(s) of the program's impact.

CY 2021 data will be available in January 2022.

*Some people elect to not use the EBT card, and have TANF benefits directly deposited. The use of the EBT card is more efficient, and allows for ATM blocking, so the Department is working to decrease the percentage of Direct Deposits.

2d. Provide a measure(s) of the program's efficiency.

Funds withdrawn at ATMs are an efficient source of funding for recipients, compared with other ways to access cash benefits.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: Section 208.182, RSMo. Federal law: Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996; PL 104-193; Code of Federal Regulations (CFR) Title 7, Subtitle B, Chapter II, Subchapter C, Part 274 Issuance and Use of Program Benefits.

6. Are there federal matching requirements? If yes, please explain.

EBT federal fund (FF) reimbursement is based on the type of expenditure. A portion of the EBT contract is claimed to SNAP Admin (50% FF and 50% State Match) and a portion of the EBT contract is claimed to TANF (100% FF).

7. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193, PRWORA of 1996. Distributing SNAP benefits through this method is a federal requirement.

2. CORE DESCRIPTION

The Family Assistance Management Information System (FAMIS) is a legacy system for Child Care, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance, MO HealthNet (Aged, Blind, and Disabled) and related programs. It allows customers to provide their personal information once, rather than multiple times when applying for more than one program. FAMIS generates notices to customers, tracks required verification, and tracks Medical Review Team (MRT) review due dates. The system takes automatic actions based on information entered by staff. FAMIS issues benefits to customers and payments to vendors.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.125

Program Name: Family Assistance Management Information System (FAMIS)

Program is found in the following core budget(s): Family Assistance Management Information System (FAMIS)

1a. What strategic priority does this program address?

Move families to economic independence

1b. What does this program do?

The Family Assistance Management Information System (FAMIS) is a legacy eligibility determination system for Child Care, Supplemental Nutrition Assistance Program (SNAP or Food Stamps), Temporary Assistance, MO HealthNet (Aged, Blind, and Disabled) and related programs. FAMIS helps FSD team members process applications and deliver benefits to customers in an accurate and timely manner. FAMIS issues benefits to customers and payments to vendors.

As the programs managed in the system are constantly changing due to both state and federal requirements, FAMIS will require continued funding to make necessary changes. This appropriation also supports modifications to increase system efficiency, prevent fraud and abuse, comply with and prevent audit findings, and provide enhanced client services. To support these changes, the FAMIS team gathers business requirements, completes design, development, and testing for all system changes.

The Missouri Eligibility Determination and Enrollment System (MEDES) will eventually replace FAMIS. Beginning January 1, 2014, the Family Medicaid (MAGI) program was converted into MEDES. The MEDES project encompasses the design, development, and implementation of a federally certified system for the MO HealthNet, SNAP, Temporary Assistance, and Child Care Assistance programs. SNAP will be added next, followed by Temporary Assistance; Child Care; and MO HealthNet (Aged, Blind and Disabled) programs. FAMIS must remain fully functional for the remaining programs until conversion is complete. The FAMIS unit also operates a help desk, which took 6,069 calls in FY 2021.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted to administer increased SNAP benefits.

2a. Provide an activity measure(s) for the program.

*In SFY 2020 and 2021 COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases. The decrease in re-applications impacted the total number of MO HealthNet applications received. Projection figures are based upon a return to pre-COVID-19 processing standards.

PROGRAM DESCRIPTION

SNAP applications processed in FAMIS are expected to decrease when the implementation of SNAP into the Missouri Eligibility Determination and Enrollment System (MEDES) is complete. SNAP applications increased in SFY 2021 due to the increase in need during the COVID-19 Public Health Emergency. Projected figures for SFY 2022 are anticipated to decrease but not to pre-COVID-19 numbers due to the high unemployment rate that continues into SFY 2022.

*The decrease reported in SFY 2020 and 2021 can be attributed to COVID-19 measures. Some child care benefits were extended or granted automatically as part of the COVID-19 response.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.130

Program Name: Missouri Eligibility and Enrollment System (MEDES)

Program is found in the following core budget(s): MEDES

1a. What strategic priority does this program address?

Improve delivery of support services for Missouri families

1b. What does this program do?

The Department of Social Services, Family Support Division is responsible for designing, developing, and implementing a federally certified system, the Missouri Eligibility Determination and Enrollment System (MEDES) for the MO HealthNet, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance, and Child Care Assistance programs. The MEDES project will bring a modern case management system to the state, and will replace the state's outdated green screen system (developed over twenty years ago). MEDES utilizes a modern user-interface to allow for more efficient processing of applications and a modular design to allow for customized functionality and program rules.

FSD MEDES Core is line-itemed into individual appropriations as follows:

MAGI E&E:

Project I of MEDES focused on MO HealthNet programs for families and was completed October 31, 2018. Project I allows the FSD team to make determinations for Family MO HealthNet based on the Modified Adjusted Gross Income (MAGI) standards. Family MO HealthNet applicants can create web-based user accounts and apply for benefits online through myDSS.mo.gov. The system automatically processes inbound and outbound account transfers for the federally facilitated marketplace.

SNAP E&E:

MEDES Project II will include the implementation of functionality for SNAP, Temporary Assistance, and Child Care Programs. The state did not award the Request for Proposal (RFP) for SNAP that was released October 2017. The state re-released the RFP in May 2020 and has recently awarded the SNAP contract and this part of the project is moving forward. The selected vendor will provide systems integration services and implement a state hosted Cúram solution for Supplemental Nutrition Assistance Program (SNAP) eligibility determination and management that fully integrates and interfaces with the existing Cúram Social Program Management Platform Analytics (SPMP) used for MAGI Medicaid in MEDES.

MEDES TANF:

The state has not yet begun work on developing an RFP for this part of Project II.

MEDES Child Care:

The state has not yet begun work on developing an RFP for this part of Project II.

IV&V E&E:

Missouri has contracted for IV&V (Independent Validation and Verification) services with BerryDunn. The IV&V Contractor evaluates and makes recommendations and provides comments about the state artifacts that are required for milestone reviews. The project artifacts are evaluated for completeness, accuracy, timeliness, alignment with project needs, conformance with generally-accepted project management and quality standards, and consistency with artifact templates provided by Center for Medicare and Medicaid Services (CMS).

ECM E&E:

FSD has also implemented an Enterprise Content Management (ECM) system for all programs administered by Income Maintenance. The MEDES ECM allows for a standardized and statewide process for document intake. FSD will continue to utilize the ECM to streamline workflows and business processes while improving program performance and efficiencies. Contracts for Phase II of this project were awarded December 2019. A contract was awarded for Optical Character Recognition (OCR) within the current ECM system. It will assist the state in quicker and more efficient management of the documents. In addition, funding has been utilized to purchase a task management system called Current. This system will be used to task field work in all programs.

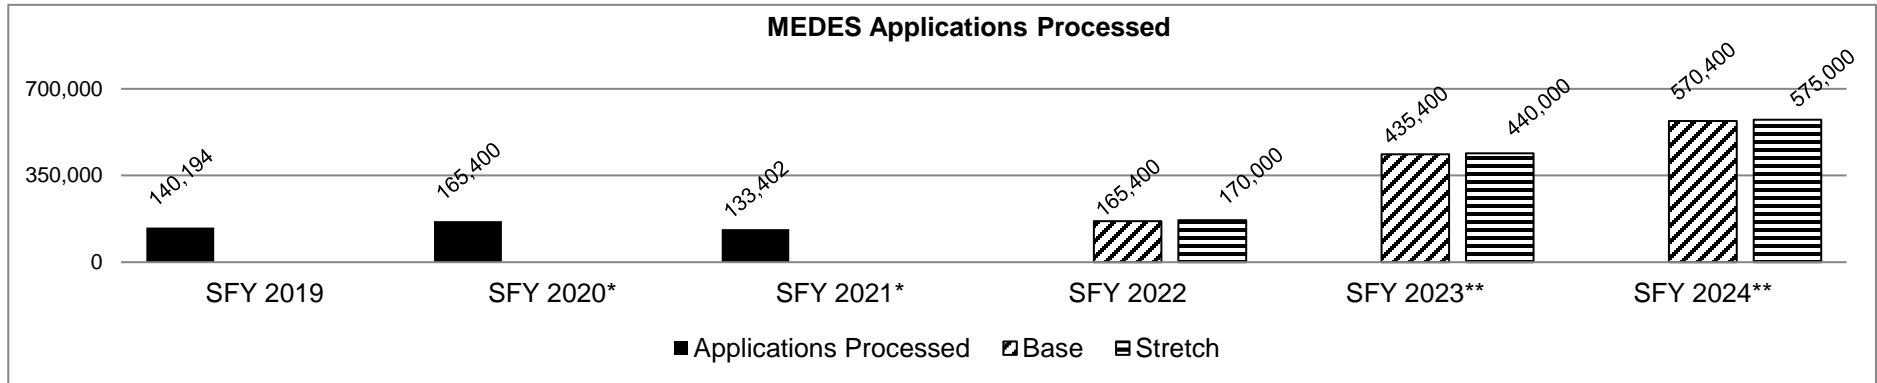

PMO E&E:

Missouri has contracted for Project Management Office (PMO) services with CSG Government Solutions. The PMO contractor provides necessary independent oversight and management of the overall program to ensure program goals and objectives are achieved.

MEDES Project III will include MO HealthNet for Adult Medicaid Programs for the elderly and disabled. The state has not yet begun work on developing an RFP for Project III.

Conditional on federal approval to receive enhanced federal match, the FSD will continue development of MEDES functionality, including the addition of new programs.

2a. Provide an activity measure(s) for the program.

Beginning in SFY 2020, FSD implemented the ability to distinguish between initial applications and change in circumstance requests (actual cases with address or household changes).

*In SFY 2020 and 2021 COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases. The decrease in re-applications impacted the total number of MO HealthNet applications received. Projection figures are based upon a return to pre-COVID-19 processing standards.

**Projections in SFY 2023 and 2024 reflect an increase in MEDES applications to include the implementation of SNAP into MEDES.

2b. Provide a measure(s) of the program's quality.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both.

COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

2c. Provide a measure(s) of the program's impact.

SFY 2019 updated to reflect individuals as of June 30.

*COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases.

SFY 2022 is reflective of the current caseload.

Future active participants are expected to increase with the implementation of more programs in MEDES.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

FSD is required to receive and process information and requests for benefits in a timely and accurate manner. FSD needs better document recognition software to quickly and accurately process the increased volume of work.

The current technology in use requires each document to be manually reviewed and identified prior to being placed into a processing queue. FSD receives and processes an average of 50,000 documents per week. It takes an average of two minutes to manually identify and label each document. Automating the identification process for these documents would equate to a savings of more than 1,500 work hours of effort each week allowing front line staff to be reassigned to more complex duties. In addition, human error in manual processes also leads to delays and errors in processing cases. Eliminating common human error when identifying documents reduces the need for rework by processing staff and the number of case processing errors which in turn reduces the number of calls to the customer call center and the number of customer complaints.

This project will improve timely and accurate processing of information submitted to the agency and timeliness of notifications sent out from the agency.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

Section 1101(b) of the American Rescue Plan Act (ARPA) of 2021 provides an additional \$1.15 billion of appropriated funds for SNAP administrative expenses to assist State agencies in carrying out legislative provisions and administering SNAP. Missouri's allocation for FFY 2022/2023 is \$6,249,049. DSS will use part of this allocation to fund the SNAP portion of this project. The SNAP portion is determined by the IM Random Moment Time Study (RMTS). The FFY 2022 funds are available at a 100 percent reimbursement rate through September 30, 2022. The FFY 2023 funds are available at a 100 percent reimbursement rate through September 30, 2023.

There is also a FY 2023 NDI Cost to Continue request for Centralized Mail and Customer Kiosk. FSD will be able to reduce temporary staff need by 75% in FY 2024 with the combined approval for funding of these initiatives. This reduction is noted in the FY 2023 NDI Cost to Continue request for Centralized Mail.

6b. Provide a measure(s) of the program's quality.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both. COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

6c. Provide a measure(s) of the program's impact.

SFY 2019 updated to reflect individuals as of June 30.

*COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases.

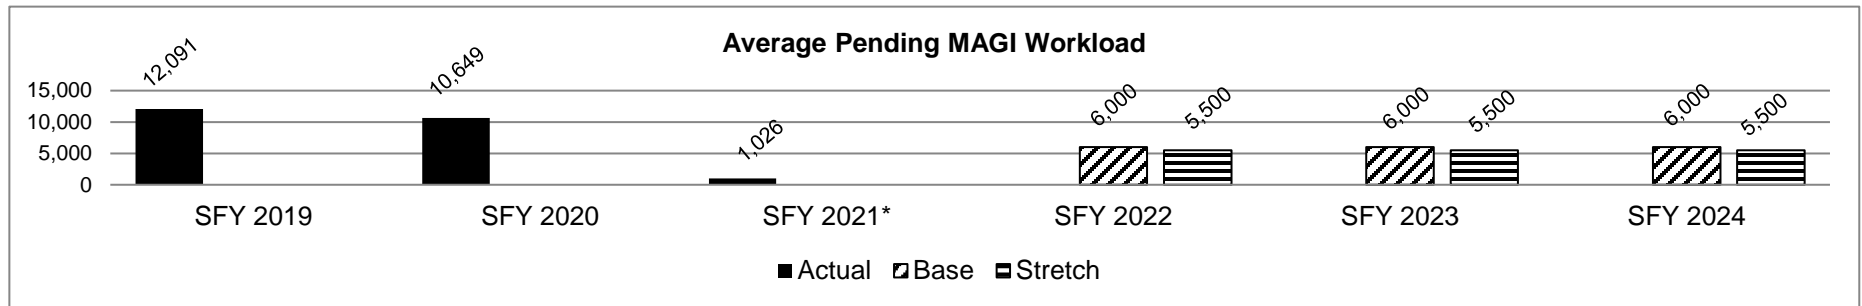

SFY 2022 is reflective of the current caseload.

Future active participants are expected to increase with the implementation of more programs in MEDES.

2. CORE DESCRIPTION

SB 607 (2016) required the Department of Social Services (DSS) to procure a contract to verify eligibility for the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF) program, Child Care Assistance program, and the MO HealthNet program using public records and other data sources.

In FY 2021, funding for these services transferred from MEDES to new HB Section 11.135. FSD currently has a contract in place for third party eligibility verification services funded by this appropriation. FSD has acquired multiple avenues to implement SB 607 (2016).

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.135

Program Name: Eligibility Verification

Program is found in the following core budget(s): Eligibility Verification

1a. What strategic priority does this program address?

Obtaining third party eligibility verification services provides effective, accountable partnerships for Missourians while helping build high-performing teams by streamlining the data source process

1b. What does this program do?

The Department of Social Services, Family Support Division verifies eligibility information required from applicants and participants by utilizing electronic verification systems to cross-reference data records for program approval and renewal.

Public records as well as other established, credible data sources are used to evaluate income, resources, and assets of each applicant on no less than a quarterly basis. The contractor also, on a monthly basis, identifies participants who are deceased, moved out of state, or been incarcerated longer than 90 days.

In addition, the Family Support Division utilizes Acuity, an automated system that links directly to a secure network which verifies MO HealthNet applicants or participants reported accounts at financial institutions and also optimizes the probability of identifying undisclosed account balance information. FSD accesses Acuity at the time of application and annual renewal for MO HealthNet programs. This service is only utilized for the MO HealthNet for the Aged, Blind, and Disabled (MHABD) program.

The following verification systems were implemented in SFY 2021.

- The Work Number is an Equifax Workforce Solution that provides immediate confirmation of an individual's employment and earned income for verification purposes.
- LexisNexis Risk Intelligence Network Program Participation Analyzer is a platform solution that assists with the identification and prevention of duplicate participation in non-SNAP programs such as MO HealthNet, Temporary Assistance for Needy Families and Child Care.
- National Accuracy Clearinghouse is a SNAP specific solution used in identifying and preventing duplicate participation both intrastate (in state) and interstate (across states) resulting in SNAP benefits cost avoidance savings and overpayment recovery savings and was recently mandated for use nationwide as part of the 2018 Farm Bill.
- LexisNexis-Benefit Assessment provides information regarding ownership of real property, aircraft, watercraft, death, and incarceration for MO HealthNet programs.
- LexisNexis-Consumer InstantID provides information regarding address, phone number, and household composition for MO HealthNet programs.

2a. Provide an activity measure(s) for the program.

*In SFY 2020 and 2021 COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases. The decrease in re-applications impacted the total number of MO HealthNet applications received. Projection figures are based upon a return to pre-COVID-19 processing standards.

SNAP applications processed in FAMIS are expected to decrease when the implementation of SNAP into the Missouri Eligibility Determination and Enrollment System (MEDES) is complete.

SNAP applications increased in SFY 2021 due to the increase in need during the COVID-19 Public Health Emergency. Projected figures for SFY 2022 are anticipated to decrease but not to pre-COVID-19 numbers due to the high unemployment rate that continues into SFY 2022.

*The decrease reported in SFY 2020 and 2021 can be attributed to COVID-19 measures. Some child care benefits were extended or granted automatically as part of the COVID-19 response.

There was a slight decrease in timeliness for SFY 2020 and SFY 2021 due to COVID-19 processing challenges. When the public health emergency (PHE) ends FSD will resume the processing of annual renewals, and will no longer have the other flexibilities allowed during the COVID-19 PHE. This transition may result in a decrease in application timeliness in the next fiscal year.

FSD worked with the Centers for Medicare and Medicaid Services while developing and improving functionality.

*During prior years, many system issues caused our Annual Review backlog to rise. With system enhancements and because of some waivers around COVID-19, a large number of staff were able to be dedicated to the backlog of Annual Reviews. The reporting numbers only account for the annual reviews when they are completed. Because of this, the timeliness for SFY 2019 and SFY 2020 are much lower than projected. However, with the Annual Reviews now current, we can expect to remain at a much higher standard moving forward.

NOTE: Starting in March of 2020 to current, annual renewals were not completed during this time period due to the COVID Public Health Emergency.

**Case reviews were not completed in SFY 2021 due to the COVID-19 Public Health Emergency.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

SFY 2022 Planned expenditures are net of reverted. FY 2019 and FY 2020 expenditures were included in the MEDES HB Section.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute RSMo 208.065.

6. Are there federal matching requirements? If yes, please explain.

EVS federal fund (FF) reimbursement is based on the type of expenditure. The case information provided determines the rate of reimbursement. A portion of the EVS contracts are claimed to MO HealthNet Administration (75% FF and 25% State Match), Supplemental Nutrition Assistance Program (SNAP) Admin (50% FF and 50% State Match), Child Care (83% FF and 17% State Match), and Temporary Assistance for Needy Families (TANF) Block Grant (100% FF). There is a state maintenance of effort required to earn the TANF block grant. Expenditures from other programs also provide state maintenance of effort required to earn the TANF block grant. EVS implementation is reimbursed at 90% FF, 10% State Match.

7. Is this a federally mandated program? If yes, please explain.

Federal mandate requires the state operate, on an ongoing basis, an asset verification program in accordance with SEC. 1940. [42 U.S.C. 1396w] by December 31, 2020. Failure to do so will result in the reduction of the federal matching percentage (FMAP).

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.140

Program Name: Community Partnerships

Program is found in the following core budget(s): Community Partnerships

1a. What strategic priority does this program address?

Build and engage community resources to support families in need

1b. What does this program do?

The Department of Social Services, Family Support Division contracts with Missouri's Community Partnerships to engage local communities to overcome challenges such as child abuse/neglect, drug abuse, before/after school childcare, safety and health issues, and many others by mobilizing, leveraging, and allocating resources. The 20 Missouri Community Partnerships are decision-making entities for the services provided in the areas they serve, broadly representative of a county or multi-county area. They partner with the department and other state agencies to plan, develop, finance, and monitor strategies to achieve specific core result areas.

The core result areas include, but are not limited to, the following:

- Safe Children and Families
- Healthy Children and Families
- Children Ready to Enter School
- Children and Youth Succeeding in School
- Youth Ready to Enter the Workforce and Become Productive Citizens
- Parents Working

Strategies used to meet these core result areas include:

- Actively involving communities in decisions which affect their well-being
- Bringing services closer to where families live and children go to school
- Using dollars more flexibly and effectively to meet the needs of families
- Being accountable for results

Community Partnerships design, implement, and evaluate community strategies in response to needs and issues that are specific to their particular community and bring together other existing groups to work towards filling service gaps without duplicating efforts.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.140

Program Name: Community Partnerships

Program is found in the following core budget(s): Community Partnerships

Examples of the types of initiatives include:

- Partnering with the Children's Division (CD) to work on early childcare issues and work with daycare providers.
- Partnering with the Family Support Division (FSD) to provide Missouri Mentoring Programs.
- Partnering with the Missouri Re-Entry Project utilizing Volunteers in Services to America (VISTA) Volunteers. These volunteers offer a low-cost solution to staffing re-entry efforts.
- Partnering with CD to provide Independent Living Program services for youth transitioning from foster care.
- Partnering with the Division of Youth Services (DYS) on transitional services for youth moving back to their communities/homes after they have been in DYS custody. Some examples include providing basic needs such as clothing, toiletries, jobsite clothes, and school supplies. Other transitional services provided are monthly parent support group sessions and community mentors to help youth transition.
- Working on safety issues in their communities (many are certified to inspect and install car seats, some are working on drug and alcohol prevention) campaigns.
- Working on health and dental health strategies for the local communities (several have been instrumental in getting Federally Qualified Healthcare Centers (FQHC), dental clinics, and mobile dental clinics in their community).
- Working with local schools on a variety of issues such as increasing graduation rates and decreasing discipline problems (they provide after school programming, summer programs, teen parent mentoring, and job readiness trainings).

Missouri's Community Partnership sites include: Buchanan County, Butler County, Cape Girardeau County, Dunklin County, Greene County, Jackson County, Jasper and Newton Counties, Jefferson County, Knox and Schuyler Counties, Marion County, Mississippi County, New Madrid County, Pemiscot County, Pettis County, Phelps County, Randolph County, Ripley County, St. Louis City and County, St. Francois County, and Washington County. It should be noted that each Partnership's sphere of influence goes well beyond its county where the office is located.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.140

Program Name: Missouri Mentoring Partnership

Program is found in the following core budget(s): Missouri Mentoring Partnership

1a. What strategic priority does this program address?

Build and engage community resources to support families in need

1b. What does this program do?

The Department of Social Services partners with the Family and Community Trust (FACT), Community Partnerships, non-profit agencies, and Missouri State University to implement the Missouri Mentoring Partnership (MMP) program. This program helps youth between 16 and 26 years of age at high risk of entering the public assistance or juvenile justice systems by offering mentoring programs that provide guidance to youth through worksite and young parent mentoring programs.

The Missouri Mentoring Partnership mentoring programs operate with two types of mentors: worksite program mentors and young parent mentors. Worksite mentors provide guidance and encourage hands-on experiences in dealing with real world problems participants may encounter in the world of work and help develop a vision for their future. Young parent mentors are mature, adult mothers who are paired with pregnant young moms or new young parents. They provide the youth with a model to help the young mother become the best parent possible, and help the young parent learn proper, practical parenting and coping skills for dealing with a new baby.

Mid-year during FY 2020, FACT with the MMP sites, went through an extensive review of site data gathering and the measures used in MMP. Significant changes were made to the measures to more accurately measure results.

2a. Provide an activity measure(s) for the program.

*In SFY 2021, there was a decrease due to the COVID-19 pandemic.

Satisfaction is measured using a survey given to Missouri Mentoring clients to determine the quality of their work site and young parent programs. The chart above shows client responses, with 5 being very satisfied and 1 being very dissatisfied. This was a new measure in SFY 2020; therefore, there is no data prior to SFY 2020.

HB Section(s): 11.140

Program Name: Adolescent Program

Program is found in the following core budget(s): Adolescent Program

1a. What strategic priority does this program address?

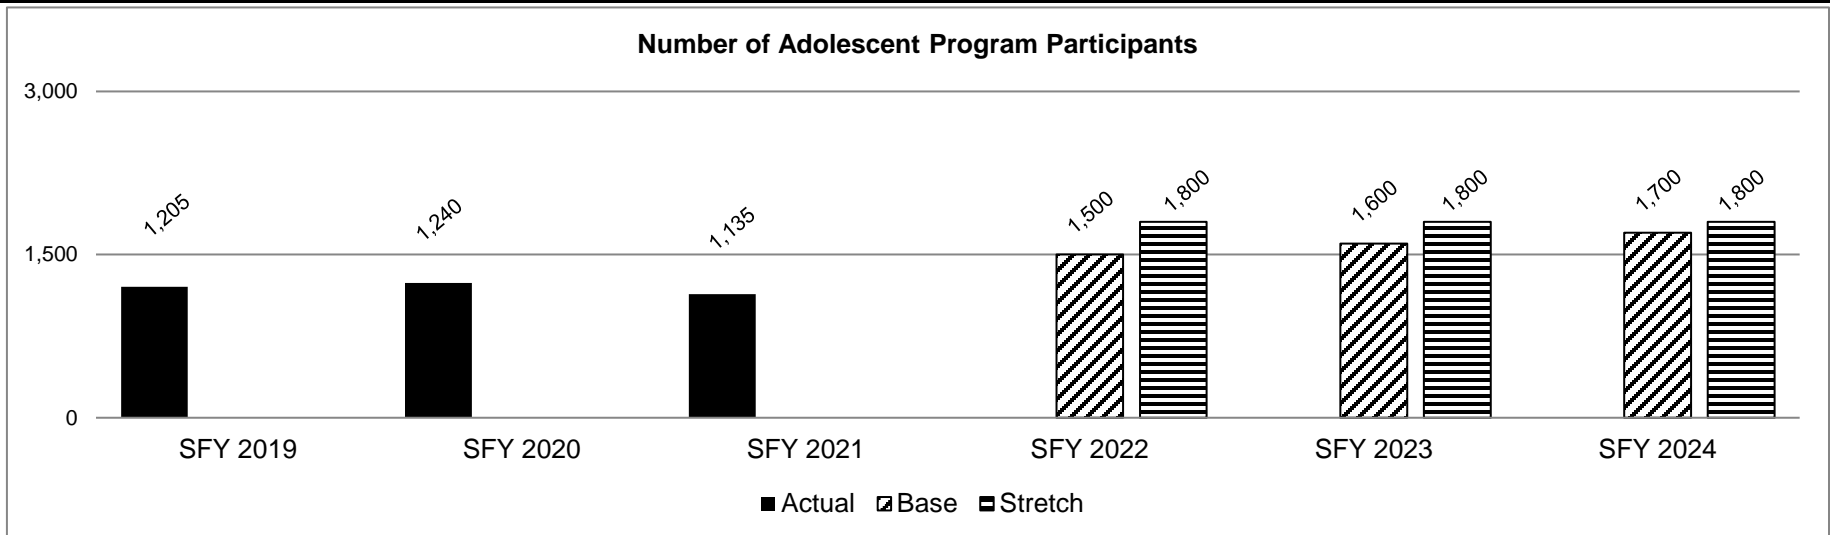

Build and engage community resources to support families in need

1b. What does this program do?

The Department of Social Services, Family Support Division partners with the Missouri Alliance of Boys and Girls Club to help adolescent boys and girls ages 11-14 understand healthy relationships, how to respect one another in their lives, and the responsibility that parenthood brings by building self-esteem through positive outlets, with programs aimed at reducing out-of-wedlock pregnancies.

The Adolescent Program targets boys and girls ages 11-14 who are not yet fathers and mothers. Upon completion of the Adolescent Program, the participants should have a better understanding of the physical changes occurring in their bodies, coping skills for dealing with them, understanding healthy relationships, increased respect for authority and respect for individuals in their lives, understanding the responsibility that parenthood brings, taking responsibility for the decisions that they make as it relates to planning for the future, and increased ability for dealing with peer pressure. The program promotes the reduction of out-of-wedlock pregnancies and improving self-esteem through positive outlets. Connecting the participants to positive, supportive, and caring role models helps improve the likelihood that such behaviors will be improved, and that the lives of the participants will be positively affected. These programs are being provided in the following eighteen counties: Benton, Boone, Butler, Cape Girardeau, Cole, Greene, Howell, Jackson, Jasper, Johnson, Oregon, Pettis, Pulaski, Saint Charles, Saint Louis, Scott, Stone, and Taney.

2. CORE DESCRIPTION

This appropriation provides funding for the Food Nutrition Program (FNP) which is known nationally as Supplemental Nutrition Assistance Program Education (SNAP-Ed) and SNAP Outreach.

SNAP-Ed provides information on nutrition, physical activity, food safety, and food budgeting education to SNAP eligible individuals, especially women; people with children in the home; at risk, pregnant, and parenting teens; youth; and seniors. The goal of the program is to help participants make behavior changes to achieve lifelong health and fitness and to reduce obesity. The FNP continues to focus on improving the policies, systems, and environments to target obesity prevention for SNAP recipients.

SNAP Outreach helps low income people buy the food they need for good health, including fruits, vegetables and whole grains. FSD works with local agencies, advocates, employers, community and faith-based organizations, and others to conduct outreach to eligible low-income people who are not currently participating in SNAP, and shares information about nutrition benefits available from SNAP to help individuals make informed decisions. FSD currently contracts with the University of Missouri and the Missouri Food Bank Association (Feeding Missouri).

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.145

Program Name: SNAP-Ed

Program is found in the following core budget(s): Food Nutrition

1a. What strategic priority does this program address?

Build and engage resources to support families in need

1b. What does this program do?

The Department of Social Services, Family Support Division is partnering with the University of Missouri to provide SNAP Education to low income eligible Missourians where they live and work, with the goal of teaching participants to make healthy choices and improve food resources.

The SNAP-Ed (Food Nutrition) Program provides educational information about nutrition, physical activity, food safety and food budgeting to SNAP eligible individuals, especially to households with children in the home, at-risk pregnant and parenting teens, youth, and seniors through multiple approaches. Focus on changing behaviors to increase vegetable and fruit consumption, such as gardening and purchasing fresh produce at farmers markets, is included in the education provided throughout the state. The goal of the program is to teach participants how to make behavior changes and improve food resource management to achieve lifelong health and fitness, and reduce obesity.

Currently, the Department of Social Services partners with the University of Missouri to deliver education to targeted SNAP participants and eligible individuals. This appropriation is used to pay the salaries, benefits, expenses, and equipment for over 150 University of Missouri Extension employees who implement the Food Nutrition Program by providing education regarding nutrition to low-income Missourians. These positions fill various roles to deliver nutrition, health, and physical activity education throughout Missouri where SNAP recipients and eligible individuals live and work. There are over 13,000 agency personnel and University faculty and staff who also contribute to the SNAP-Ed program.

2a. Provide an activity measure(s) for the program.

*In FFY 2020 there was a decrease of participants due to the COVID-19 healthcare crisis. MU had to restructure how they delivered SNAP-Ed education and transition to a virtual delivery system.

FFY 2021 data will be available in February 2022.

2b. Provide a measure(s) of the program's quality.

MU Extension conducts periodic satisfaction surveys of the agencies/schools that they partner with. The theory behind this approach is that a partner willing to have the program return equals satisfaction with the program. Their satisfaction rate averages 99%.

PROGRAM DESCRIPTION

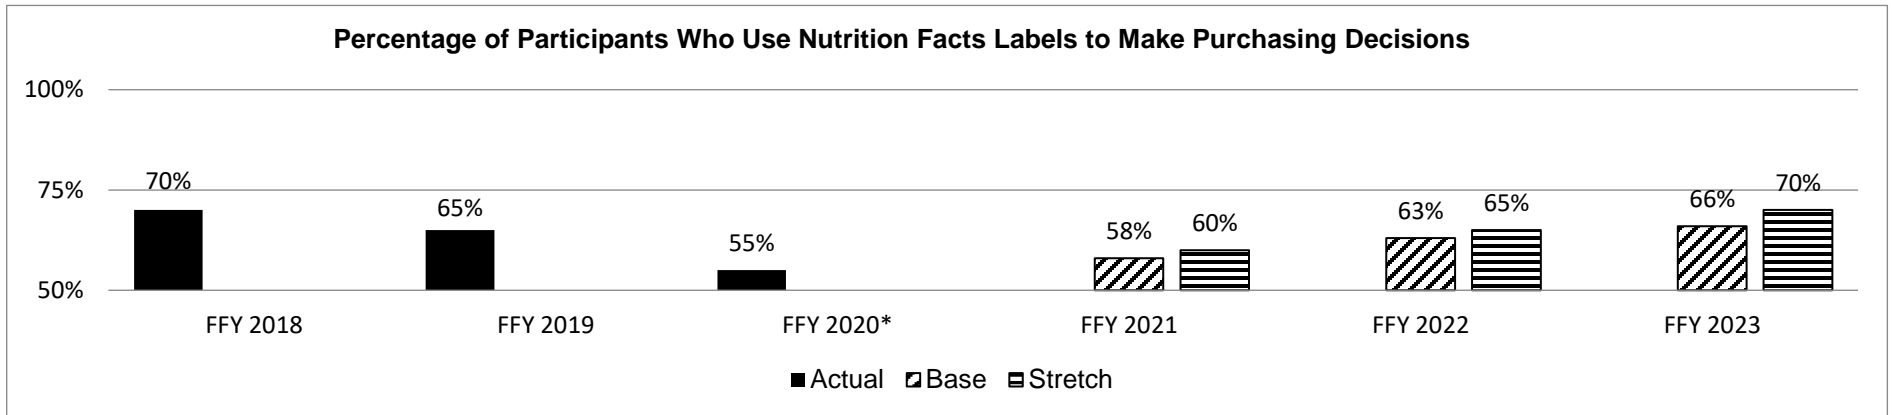

Department: Social Services

HB Section(s): 11.150

Program Name: Healthcare Industry Training

Program is found in the following core budget(s): Missouri Work Programs

1a. What strategic priority does this program address?

Coordinate and align work programs to support meaningful, sustainable employment

1b. What does this program do?

The Department of Social Services, Family Support Division administers the Healthcare Industry Training and Education (HITE) program funded through the Health Profession Opportunity Grant (HPOG). Grant funding is allocated to the Workforce Development Boards (WDBs) including: Full Employment Council, St. Louis Agency on Training and Employment, and the Central Workforce Development Board. These funds help low income persons earn self-sustaining wages and decrease the need for government assistance by providing opportunities for healthcare training in high-demand healthcare careers. This program aligns with the DSS mission of empowering Missourians to live safe, healthy, and productive lives.

Programs engage, train, employ, and serve the target population of Temporary Assistance for Needy Families (TANF) recipients and other individuals who have incomes under 200% of the federal poverty level. The goal is to promote self-sufficiency by providing training in healthcare fields such as Medical Assistant and Certified Nurse Assistant.

HPOG is funded by the U.S. Department of Health and Human Services, Administration of Children and Families. The total grant award was \$14,932,410 over five years, with an annual grant award of \$2,986,482. The five year time period ended September 19, 2020 however, DSS received an extension with an additional \$2,986,482, which is allocated in FFY 2021 as follows:

- Full Employment Council of Kansas City (FEC): \$1,239,054
- St. Louis Agency on Training and Employment (SLATE): \$1,227,553
- Central Region Workforce Development Board (CWDB): \$423,178
- Department of Social Services (DSS): \$96,697 (administrative expenses)

This grant expires September 29, 2021. The federal government is still reviewing the possibility of establishing a new program or re-establishing the program.

2a. Provide an activity measure(s) for the program.

The HITE program accomplishes program goals by providing healthcare training and the wrap-around services through a participant based service delivery model. The WDBs, employers, educational facilities, and participants work together as a team to ensure the participant is able to achieve employment in the healthcare field, and allows the employers to fill critical positions. In addition, the program provides pathways to assist the participant in achieving employment which can sustain a family. Cumulative FFY 2020 represents enrollments since the program began in FFY 2016. The Department exceeded the goals reported in the grant application for TANF enrollments and participants completing basic skills training. The base goals represent the goals reported by the Department on the grant application and the stretch goals represent program goals in excess of the initial goals established. Cumulative FFY 2021 data will be available in November 2021.

PROGRAM DESCRIPTION

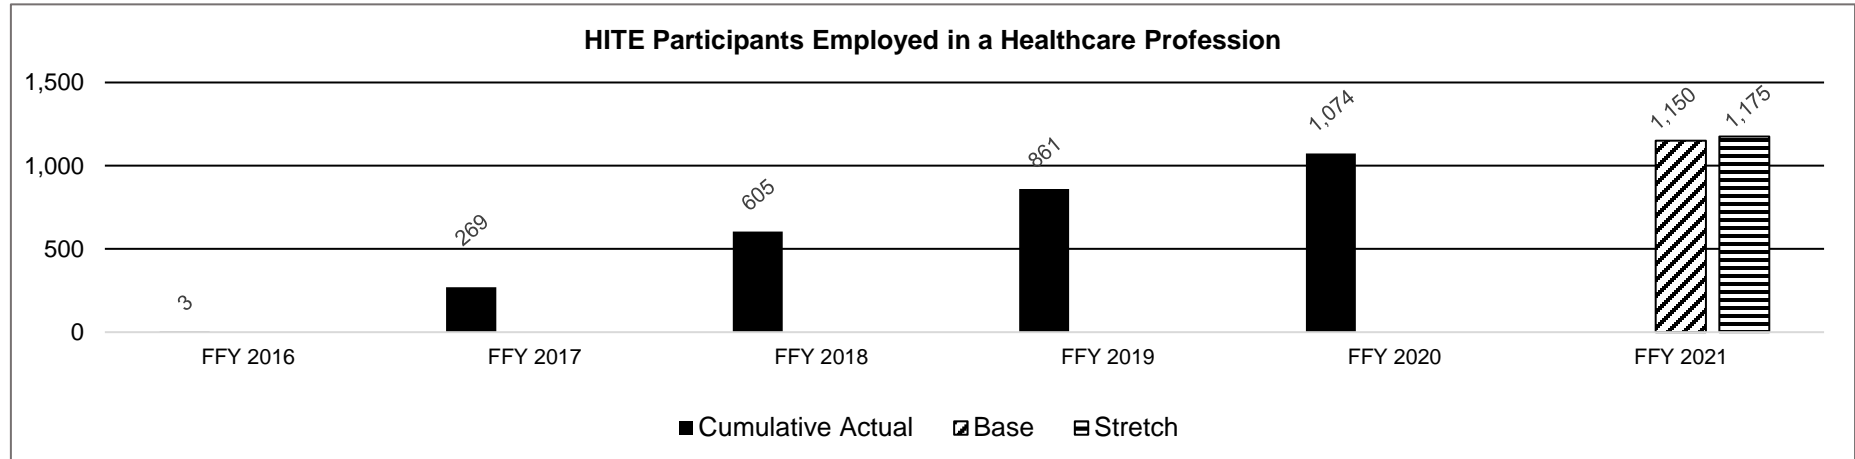

Department: Social Services

HB Section(s): 11.150

Program Name: SkillUP

Program is found in the following core budget(s): Missouri Work Programs

1a. What strategic priority does this program address?

Coordinate and align work programs to support meaningful, sustainable employment

1b. What does this program do?

The Department of Social Services, Family Support Division (FSD) administers the SkillUP program funded through the Food and Nutrition Service (FNS) to help unemployed and underemployed Supplemental Nutrition Assistance Program (SNAP) recipients by providing employment and training opportunities. SkillUP rapidly connects SNAP recipients to employment or better employment with increased wages through short-term training programs and skill building. This program aligns with DSS's mission of empowering Missourians to live safe, healthy, and productive lives.

Able Bodied Adults without Dependents (ABAWDs), who are 18-49 years old without a child in the SNAP household*, must participate in 80 hours per month of employment or training activities or they will lose benefits after 3 months. ABAWDs can achieve their hours by participating through SkillUP or by providing participation hours directly to FSD. Non-ABAWDs can choose to participate through SkillUP. The 100% FNS grant funding is currently allocated to the Workforce Development Boards, Missouri Community Action Network, and the Missouri Community College Association (MCCA). The 50/50% FNS match funding is allocated to the Excel Centers (MERS Goodwill) and the Missouri Community College Association. FSD can request additional 50/50% match funding at any time during the year which allows other providers to leverage resources and increase the SkillUP opportunities. SkillUP is also funded through Temporary Assistance for Needy Families that is allocated to Missouri Work Assistance and all other providers with the exception of MCCA. All SkillUP activity measures are reflected in SkillUP.

*ABAWDS can have child(ren) as non-custodial parents. A non-custodial parent is someone who doesn't have full custody of their child because the other parent was established as the custodial parent. For our purposes, an Able Bodied Adult Without Dependents could be a non-custodial parent, but is the only person on the SNAP application. Being the non-custodial parent would be the requirement for them to qualify for TANF funding.

2a. Provide an activity measure(s) for the program.

SNAP clients are electronically referred to the Office of Workforce Development's case management system. The participant is assessed by addressing participant goals, strengths, and barriers.

FFY 2019 data reflects the added participants as a result of the investment of TANF funding providing additional providers, locations, and outreach efforts.

*In FFY 2020 data reflects a decrease due to changes that occurred due to the COVID-19 pandemic.

FFY 2021 data will be available in November 2021.

2b. Provide a measure(s) of the program's quality.

SkillUP assists SNAP clients in barrier removal while gaining knowledge and skills to allow participants to gain self-sustaining employment.

SkillUP activities include short-term training, work based learning, on the job training, preparing for in demand careers, soft skills training, and a variety of workshops. This was a new measure in FFY 2019; therefore, there is no data to report prior to FFY 2019.

*FFY 2019 updated to reflect more accurate data. One SkillUP participant can complete multiple SkillUP activities.

**In FFY 2020 data reflects a decrease due to changes that occurred due to the COVID-19 pandemic.

FFY 2021 data will be available in November 2021.

Move families to economic independence

1b. What does this program do?

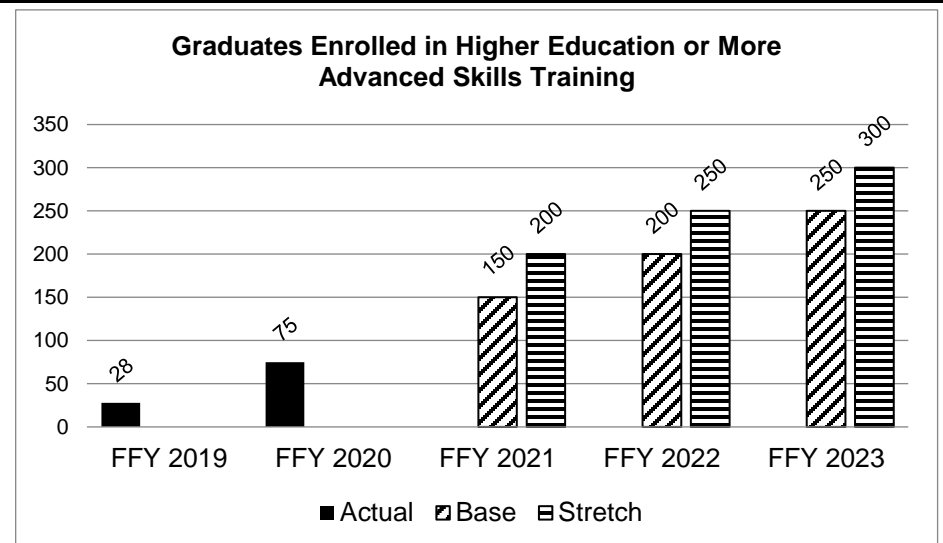

The Department of Social Services administers a portion of the funding for the Excel Centers. The Excel Centers were bid through the Department of Education and Secondary Education and awarded to MERS Goodwill. The funding is allocated through DSS. The Excel Centers offer free public high school for adults 21 and over through flexible class schedules, supportive relationships with staff, and a life coach who works with students to find solutions for life's challenges that could hinder progress. While earning their diploma, students earn college credits and a variety of industry-recognized certifications in order to increase their earning potential. Excel Centers provide a free drop-in center for child care, transportation assistance, extended hours and year-round operations to support students as they work toward the goal of earning a diploma.

2a. Provide an activity measure(s) for the program.

This is was a new measure in FFY 2019; therefore, there is no data to report prior to FFY 2019.

FFY 2021 data will be available in November 2021.

At least 50% of school's graduates will attain an industry certification or enroll in higher education or more advanced skills training within 6 months of graduation. This was a new measure in FFY 2019; therefore, there is no data to report prior to FFY 2019.

2b. Provide a measure(s) of the program's quality.

This was a new measure in FFY 2019; therefore, there is no data to report prior to FFY 2019.

The Excel Centers offer participants the opportunity to achieve a high school diploma as an adult with on-site accredited staff. House Bill 93 (2017) requires each year, at least 75% of the school's students will graduate or continue working toward a high school diploma and, if applicable an industry certification.

FFY 2021 data will be available in November 2021.

House Bill 93 (2017) requires the school graduates who enter the workforce shall have, on average, a wage rate at 20% greater than the average Missouri wage rate for individuals without high school diplomas.

In order to become self-sufficient and non-reliant on government benefits, the Excel Center participant's wages must increase. The wage change of Excel Center participants four quarters prior to leaving the program compared to four quarters after leaving the program is being reviewed.

Quarterly Wage match data is pending for the 29 individuals employed (reported in 2a) due to system limitations and will be available in November 2021.

2d. Provide a measure(s) of the program's efficiency.

This was a new measure in FFY 2019; therefore, there is no data to report prior to FFY 2019.

FFY 2020 data will be available in November 2021.

To ensure the program is efficient, the benefit level usage must be measured over time. The Excel Centers change in benefit level of participants four quarters prior to leaving the program compared to four quarters after leaving the program.

Program is found in the following core budget(s): Missouri Work Programs

1a. What strategic priority does this program address?

Coordinate and align work programs to support meaningful, sustainable employment

1b. What does this program do?

Missouri Department of Social Services (DSS) is administering the Missouri Work Assistance (MWA) program funded through the Administration for Children and Families (ACF) Temporary Assistance for Needy Families (TANF) Block Grant. The grant funding is awarded through the Office of Administration's bid process and was allocated to Better Family Life (BFL), City of Springfield, Family and Workforce Centers of America, Local Investment Commission (LINC), MERS Goodwill, and Equus. These funds allow Temporary Assistance (TA) recipients the opportunity to receive job readiness, employability skills, short-term training, and wrap-around services to reduce the need for government benefits through family supporting employment. The MWA providers also serve SkillUP recipients.

DSS also administers the SkillUP program funded through TANF to help unemployed and underemployed Supplemental Nutrition Assistance Program (SNAP) recipients by providing employment and training opportunities for recipients who are 16-24 years old, or 25 years and older with a child(ren). SkillUP rapidly connects SNAP recipients to employment or better employment with increased wages through short-term training programs and skill building. This program aligns with DSS' mission of empowering Missourians to live safe, healthy, and productive lives. MWA providers also provide SkillUP Services. All SkillUP activity measures are reflected in the SkillUP section.

TANF funds also support Department of Corrections (DOC) Reentry Efforts as the agencies share many recipients who have historically been provided benefits. The current projects include supporting efforts in the Tipton Reentry Center, Kansas City Reentry Center, Community Supervision Centers, purchasing a truck simulator in Southeast Missouri, offering pre-release Microsoft classes and certification and purchasing non-drivers licenses and birth certificates. These projects will continue to expand and be streamlined and will include participant tracking and reporting of outcomes. TANF funds are also being used to support research projects to determine reasons clients are not engaging in employment. This partnership is a benefit to these individuals and their families, taxpayers and communities and is intended to reduce the long-term dependency on government benefits, reduce the overall cost to taxpayers for benefit programs and incarceration, reduce the need for additional correctional facilities, assist with family reunification, reduce intergenerational poverty, and provide safer communities.

2a. Provide an activity measure(s) for the program.

TA recipients who are mandatory and voluntary participants are electronically referred to MWA contractors to provide employment and training services. The participant is assessed by addressing participant's goals, strengths, and barriers. Participants must engage in work activities for a required number of hours depending on the household composition, which lead to employment or will no longer receive TA.

If a mandatory participant chooses not to participate in the MWA program for the required hours, there is a 16 week process in which TA benefits are reduced by 50% and then the case is closed for non-cooperation.

Note: The Administration for Children and Families (ACF) requires states to meet a Work Participation Rate (WPR); however, Missouri's required rate is nominal as the caseload continues to decrease. Missouri does not currently focus on the WPR, and instead focuses on the participant's best interest and outcomes. ACF is considering legislative changes to measure outcomes.

Note: The graph was changed from SFY to FFY, prior years changed accordingly.

*The increase in FFY 2020 enrollments is due to economic, educational, policy and other impacts of the COVID-19 pandemic.

FFY 2021 data will be available May 2022.

2c. Provide a measure(s) of the program's impact.

In order to become self-sufficient and non-reliant on government benefits, the MWA participant's wages must increase. The wage change (increase) of MWA participants is four quarters prior to leaving the program compared to four quarters after leaving the program. This was a new measure in FFY 2018; therefore, there is no data to report prior to FFY 2018.

FFY 2019 data will be available in December 2021.

TA case closures due to employment is important as case closures due to other reasons such as meeting time limits and not complying may result in a longer reliance on government and other benefits and intergenerational poverty.

Note: The graph was changed from SFY to FFY, prior years changed accordingly. The anticipated reductions in employment closures is due to adverse economic impacts caused by the COVID-19 pandemic.

FFY 2021 data will be available in December 2021.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.155

Program Name: Cash Assistance

Program is found in the following core budget(s): Temporary Assistance

1a. What strategic priority does this program address?

Move families to economic independence

1b. What does this program do?

The Department of Social Services, Family Support Division (FSD) is providing cash benefits to meet basic needs and a variety of employment opportunities to help low-income Missouri families overcome barriers to self-sufficiency with the assistance of a cash benefit, employment opportunities, and other program resources. FSD determines eligibility for and administers the Temporary Assistance (TA) program providing cash assistance to families based on income and family size for a period not to exceed a lifetime total of 45 months with some exceptions. Prior to being approved for benefits, the applicant must sign a personal responsibility plan, complete an orientation to benefits and requirements, and register on jobs.mo.gov. The state does not extend TA past 45 months unless there is a documented hardship (domestic violence, substance abuse treatment, mental health, or family crisis). Parents/caretakers are exempt from the lifetime limit if they are age 60 and over, or permanently disabled. Missouri extended lifetime limits to 49 months during the COVID-19 pandemic, due to hardships. Any participant who was due to close for meeting the Forty Five (45) month Lifetime Limit and did not qualify for any exemptions during the months of March, April, May and June 2020, received the Hardship Extension. This extension stopped for households reaching their 45th month effective July 2020.

Applicants who attest to using a controlled substance and refuse treatment or applicants who refuse to complete an attestation stating they do not use controlled substances are not authorized to receive benefits on themselves. However, their child(ren) in the household can receive benefits. In addition, applicants who have a prior felony drug conviction cannot receive benefits for themselves. TA recipients cannot access cash benefits at ATMs in unauthorized locations including liquor stores, gaming establishments, and establishments that provide adult entertainment.

TA recipients are referred to Missouri Work Assistance (MWA) providers for employment and training services, unless they meet a federally defined reason they do not have to participate. The parents/caretakers must comply with the minimum required work participation hours per week. Failure to comply with MWA will result in a 50% reduction in benefits after 10 weeks, and the family no longer receiving benefits after 16 weeks. To receive benefits again following termination, the TA participant has to participate in work activities for the required hours for two consecutive weeks and provide the requested documentation or provide documentation indicating they meet a federally defined reason they do not have to participate in work activities.

TA recipients who earn wages or additional wages after becoming eligible and receiving TA, while on benefits, will have a portion of their income disregarded. TA recipients no longer receiving TA due to increased wages earned from employment will receive a six (6) month transitional benefit of \$50. The disregarded earnings and transitional benefits are intended to help recipients stabilize household incomes.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.155

Program Name: Communities in School

Program is found in the following core budget(s): Temporary Assistance

1a. What strategic priority does this program address?

Engage community resources to support families to achieve success ready students

1b. What does this program do?

The Department of Social Services, Family Support Division administers the Communities In Schools Program to connect community resources to students and families with needs that may include anything from basic nutrition and material needs to social services support. The focus is removing barriers to student attendance and academic attainment.

Support and services are provided to students and families through the work of a Student Support Coordinator who is placed full-time in each partner school to help overcome challenges that prevent students from being able to attend school regularly in the best condition to learn. The project uses the proven Communities In Schools model to work with school partners to tailor school wide services for all students, meeting the needs of the school and local community. Additionally, the model includes individualized support for a caseload of students experiencing the most intense barriers to learning. The program also includes extensive efforts to meet basic needs such as hunger; clothing and personal care items; and school supplies for all students in partner schools. In this project, Communities In Schools will operate six programs serving ten schools in three school districts. Partner school districts can select the conventional Communities In Schools program with one Student Support Coordinator serving one school or a shared services model with each program consisting of one Student Support Coordinator serving multiple schools. In this project, two partner districts have selected the shared services model and will have two Communities In Schools programs with Student Support Coordinators serving two schools each.

2a. Provide an activity measure(s) for the program.

This was a new measure in SFY 2022; therefore, there is no data to report prior to SFY 2022.

Whole school services are available to all students in each partner school. They are identified and planned in collaboration with school staff and tailored to align with school needs and leverage school and community resources. They typically include services such as: parent engagement and support, attendance initiatives, life/social skills, leadership, social emotional learning, academic engagement and college/career readiness.

This was a new measure in SFY 2022; therefore, there is no data to report prior to SFY 2022.

Individualized support for students on caseload is provided in two ways: through small groups for students facing similar challenges and one-on-one for the most intense situations and challenges unique to each student. Each student on caseload will have a student support plan developed through a needs and assets assessment and designed to establish individual goals targeted to meet each student's unique situation. Individual supports often include: enrichment/motivation activities, attendance monitoring, behavior interventions/social-emotional learning support, academic assistance and coordination of outside services.

2. CORE DESCRIPTION

The Department of Social Services, Family Support Division receives a Temporary Assistance for Needy Families (TANF) block grant from the US Department of Health and Human Services, Administration for Children and Families. TANF was created in the 1996 welfare reform law (P. L. 104-193). TANF provides Temporary Assistance (TA) cash benefits and also provides basic needs and a variety of youth, parenting, and other programs that meet one or more of the four purposes of TANF.

The four purposes of the TANF program are:

- To provide assistance to needy families to help keep children in the home
- To end dependence of needy parents by promoting job preparation, work, and marriage
- To prevent and reduce out-of-wedlock pregnancies
- To encourage the formation and maintenance of two-parent families

The mission of the Drew Lewis Foundation (DLF) Poverty Prevention Program (PPP) is to educate, empower, and support underserved families through personalized programs and coaching to increase quality of life and build resilient communities. DLF works with youth and adults from diverse socioeconomic backgrounds and aims to improve their quality of life through access to resources and community engagement. DLF has a number of community betterment initiatives that will help to improve the quality of life for the people of Southwest Missouri.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.155

Program Name: Rise Drew Lewis SPFLD

Program is found in the following core budget(s): Temporary Assistance

1a. What strategic priority does this program address?

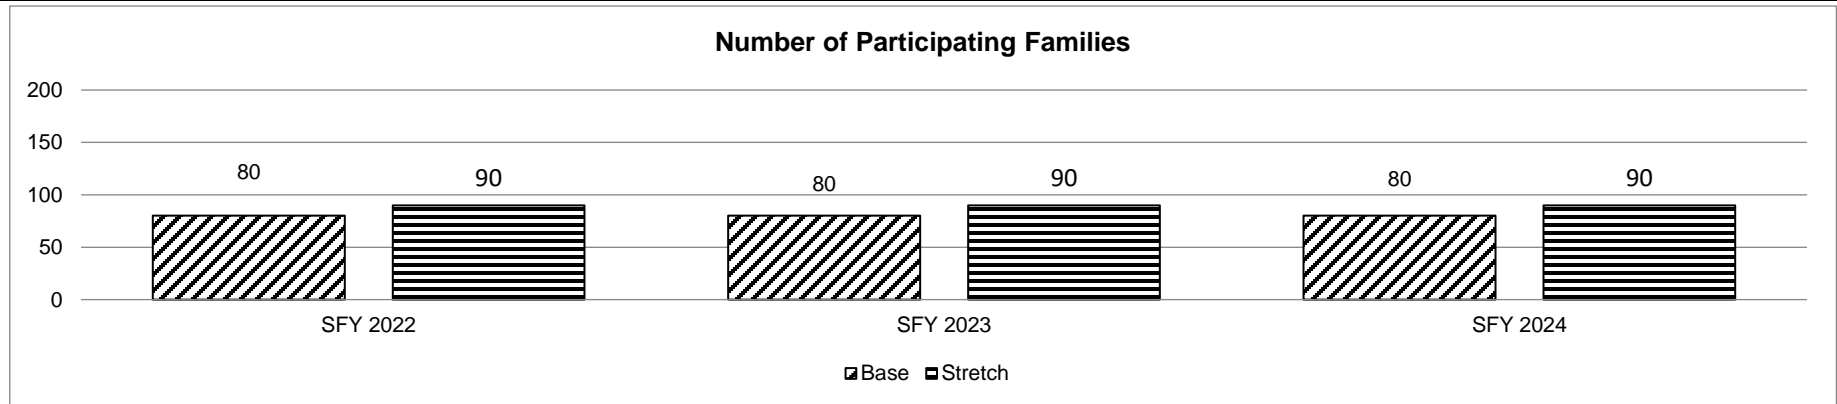

Prevent poverty by increasing family's household income, social capital, and community engagement

1b. What does this program do?

The primary program of the Drew Lewis Foundation (DLF) is Reaching Independence through Support and Education (RISE). RISE provides unique approaches, proven methodologies, and solutions to help underserved families overcome the challenges that have kept them living in poverty. RISE members focus on ten key areas to build stability and self-sufficiency in their lives. They include: accountability, parent training, reliable transportation, affordable housing, quality childcare, budgeting/banking, financial planning, job training/education, resolved legal issues, and health and well-being. The program focuses on providing resources, support, and education - empowering families through cohorts to increase their self-sufficiency and stability. RISE is distinctive in its approach and includes things like, case management, individualized goal setting, personalized financial coaching, accountability, connection with community mentors, and extensive data collection to monitor upward mobility.

The Poverty Prevention Program (PPP) will also utilize DLF's Blue House Project (BHP) which gives low-income families in Southwest Missouri a chance at safe and affordable housing. DLF purchases and renovates old houses in the community with the intent of leasing them out to members in the RISE program, where the family will eventually own the home.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

The American Rescue Plan Act of 2021, Public Law 117-2, amends section 403 of the Social Security Act to create a new \$1 billion Pandemic Emergency Assistance Fund (PEAF) to assist needy families impacted by the COVID-19 pandemic. Missouri's allocation is \$14,530,873.

Use of Funds: Grantees may use funds only to provide certain non-recurrent, short term (NRST) benefits. For the purposes of this Pandemic Emergency Assistance Fund, NRST benefits mean cash payments or other benefits that meet the regulatory definition (45 CFR 260.31(b)(1)). NRST benefits must be designed to deal with a specific crisis situation or episode of need, must not be intended to meet on-going needs, must not extend beyond four months, and must only include expenditures such as emergency assistance and diversion payments, emergency housing and short-term homelessness assistance, emergency food aid, short-term utilities payments, burial assistance, clothing allowances, and back-to-school payments. They may not include tax credits, child care, transportation, or short-term education and training. Grantees may use funds for administrative costs (up to a 15-percent cap for states and territories). Grantees must use funds to supplement, and not supplant, other federal, state, tribal, territorial, or local funds.

Timeline for Expending Funds: A grantee has from April 1, 2021 to September 30, 2022 to expend its initial allotment of funds. If a grantee has not expended all of its funds by that date, Health and Human Services (HHS) will reallocate any unused funds, to other states, territories, and tribes, which must expend them within 12 months of receipt, as specified in the legislation.

In FY 2022, additional appropriation and/or authority is being requested through a FY 2022 Supplemental. This requests the Cost to Continue for FY 2023.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Missouri's allocation is \$14,530,873.
